BUSINESS PORTFOLIO - 2022

www.alupower-eg.com

2018

Start from Construction

It was a big step to start our business in the construction and governmental housing projects, which means mass production.

We made great deals with great companies in multiple sites, but we were unhappy that it wasn't our passion, so we made the decision to focus on the end user market.

2020

End User

Here we find our ambition and passion, also strong competition. We decided to offer multiple products such as kitchens, shutter, shower cabinets, and plisse side to side with aluminum doors and windows. It also focuses on providing high service starting from premium quality to safety and adding value to the aluminum market.

2022

One Off

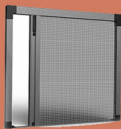

The most unique window in the Middle East -Royal Window- Masterpiece Editions. It's a brave move to destroy the box to produce and fabricate one off piece of aluminum window that has never been made before. We put ourselves firmly on the market to be the only "Alu Power" to produce Masterpiece Editions.

EXPERIENCE

ACHIEVEMENT

Over 5 years we delivered more than 200 projects B2B and B2C. It was an honor to deal with construction corporations like GAMA, Hassan Alam, Cairo 3A, Redcon and others. We produce more than 16,500 pieces, which equals 24,600 m² of aluminum and glass, consume 5,000 tons of aluminum.

COMPOUNDS

Install and finish the aluminum works at Mountainview, MidTown, 90 Avenue, Madinaty, Mina Garden City, Somed West, Italian Square and El-solymania. Also we delivered and installed aluminum works at Government residential projects like Dar Masr, Skn Masr, Social Housing and New Administration Capital.

SECTIONS

With perfection and certified way, we have full ability to the most popular aluminum sections for doors, windows, scaffolding, kitchens and glass. Such as PS, Technal "Sherif Ali Hassan", Volcano, Valveh, Alumil sections. Also we have extensive experience with the most difficult architecture cases.

28 Abdullah bn Taher, Naser City

It's our pleasure to meet you there, we have a great coffee.
You can see samples, accessories, colors and every technical details about our products.
It's also a fantastic place, not only show room, but also an art gallery for a great painting.

Factory

Marg, Ring Road

We preferred an industrial and logistic location to be next for our suppliers allover grand Cairo,
Just 25 minutets to be here, take a look for our works, quality and safety system.

Mob
